Best Wishes For A Successful Show.

Welcome

The year 1972 has been a great one for the Thoroughbred Chorus.

We have had the pleasure of singing for people such as yourselves many times and in various places.

We have had the privilege of winning the Cardinal District championship which affords us the right to represent the District in the International Championship held in Portland, Oregon next summer.

These pleasures and privileges have given us a wonderful feeling of accomplishment. Still there is nothing that thrills the Thoroughbred Chorus more than producing and presenting our annual show. For we realize that you — our audience tonight, are the most avid, and loyal supporters any group could hope for. To you, our advertisers and others who have made our show a success we extend our most grateful thanks and welcome.

Imported Canadian Mist.

A unique Canadian blend of 100% whiskies.

Aged in charred oak barrels for a smooth, yet distinctive taste.

Ideally suited to the American's preference for lightness.

And sensibly priced.

There. Now, if someone asks you why Canadian Mist was the nation's fastest-growing major whisky—you can tell him.

Or you can offer him Canadian Mist on the rocks.

A far more eloquent way to explain an unsurprising fact.

WE SING THAT THEY SHALL SPEAK

The Institute of Logopedics
International Service Project of
The Society for the Preservation and Encouragement
Of Barber Shop Quartet Singing in America, Inc.

Barbershop Harmony has a new ring these days — one with a deep and joyous purpose to it. For Barbershoppers are willingly lending heart and voice that silent children throughout the world may be given speech. S.P.E.B.S.Q.S.A. is proud indeed of its International Service Project, the Institute of Logopedics in Wichita, Kansas.

In every community there are men who love to use their God-given talents to sing. In every community too, there are silent children who cannot express even the simplest song or thought imprisoned in their hearts. They look to the Barbershoppers for escape from their lonely prisons of silence. We are humbly grateful that God has granted use the privilege and talent to sing — *that they shall speak*.

Communication, as every Barbershopper knows, is mankind's most vital tool. As a pioneer in the field, the Institute has brought speech to more than 30,000 persons throughout the world; and has become the largest residential habilitative center. Today more than 3 children per day are restored to their communities to take their rightful places as speaking members of society.

But countless thousands still plead mutely for our help . . . your help. We cannot — nor do we wish to — ignore their unspoken appeals.

Without speech a human's world is dark and his potential unknown.

No one ever dies from a speech disorder. But, for millions existing in silence, it can be a living death.

To meet the needs of the speechless, Dr. Martin F. Palmer, Founder of the Institute, developed an integrated three-fold program consisting of the finest possible clinical services for all communicative problems; expert professional education for logopedists; and an excellent and on-going research organization.

S.P.E.B.S.Q.S.A.'s Service Project, the Institute of Logopedics, overlooks no facet of a child's development in his quest for communication. Our pride in our project, this great facility for the speechless, knows no bounds, and our gratitude at having a part in its future is inspiring.

As we sing, we hear in our hearts a chorus of voices once silent who are joining us in song . . . they are the 30,000 who found speech at the Institute of Logopedics which we proudly claim as our own.

But we are mindful also of the millions who silently look to us — and to YOU — for their birthright — *Speech*.
